THE COUP D'ETAT.

Senator RIDDLE, of Delaware, declared on Friday last "that within ten days orders would be issued in all the rebel States for an election of members of Congress, and that within thirty or sixty days these members would be elected and be in Washington. Upon their arrival they would demand, under the proclamation, the administration of the oath and their admission into Congress as loyal Representatives of bona fide States in the Union; of course, in their choice of men to become Representatives from the Southern States, care would be had not merely to select those who can or will take the oath, but equally that all of them shall support the JOHNSON policy. The manifest idea of RIDDLE in his foreshadowing of this programme, was that if the demands of these men so elected were not at once complied with, the President would promptly interpose to install them in what he calls their rights."

SPLIT IN THE NEW JOHNSON PARTY.—There has been a split already in the new JOHNSON party. COWAN does not like the look of the "National JOHNSON Club" formed at Washington by MONTGOMERY BLAIR, and has held a meeting there which was addressed by himself and Governor JOHNSON of this city, which took ground in favor of admitting to Congress those Southern men only who can take the iron-clad test oath. MONTGOMERY BLAIR is in favor of repealing the test oath altogether, and wants to oust SEWARD from the Cabinet, while COWAN and his little crowd want to keep SEWARD in. The National *Intelligencer* follows BLAIR and is "fornenst" SEWARD, and SEWARD blocks its game by taking the government patronage from it. The President, as usual, is on the side of both. He assures both BLAIR and COWAN that he is with each against the other. Thus the new party finds itself in the throes of dissolution before it is fairly launched into existence.

THE HOUSE SPEAKS.—On the 5th inst. the House of Representatives at Harrisburg passed this resolution:

Resolved, That our Senators be instructed, and Congressmen requested to resist the admission into full fellowship as States, of any and all the States lately in rebellion until the organic law of the nation shall be so amended as to protect the credit of the Government—to protect the payment of any debt incurred by the rebellion—to define the paramount authority of the General Government—to protect all persons in all States, in their rights before the law—to prevent compensation for emancipated slaves and to establish an equal basis of representation, and thus secure to the nation the just fruits of the war wantonly inaugurated by treason.

Every republican voted yea; every democrat nay.

By the same vote a resolution, originating in the Senate, was passed, requesting the Hon. EDGAR COWAN to resign. Having no shame in misrepresenting the men who confided in his honor, he will, of course, hold on.

THE New Jersey Legislature adjourned finally without electing a United States Senator. Mr. SCOVIL voted with the Democrats. He has been publicly charged with selling himself for a large sum of money. Details are given. An investigation was proposed, but he voted with the Democrats to suppress it.

THE CIVIL RIGHTS BILL.—To-day the House of Representatives will decide whether the Civil Rights Bill shall become a law notwithstanding the Veto of the President. No doubt exists as to the result. The Veto will be vetoed.

THE Reno Oil and Land Company, started by Mr. CULVER, has cancelled all subscriptions to its stock, by refunding the money paid. We suspect not much had been subscribed.

CONGRESS proposes to abate the tax on knowledge, by putting paper, type, and ink, and articles used in their manufacture, into the free list.

OUR HARRISBURG LETTER.

HARRISBURG, April 6, 1866.

The Senate have had under consideration a private calendar nearly nine pages in length. Among the bills which were finally passed were the following of interest to your readers:

Incorporating the West Sunbury Petroleum and Improvement Company of Butler county, with Messrs. David Patterson, Wm. P. Breaden, Wm. S. Stoughton, J. W. Christy, J. H. Negley, Allen Wilson and H. C. Linn as incorporators. The capital stock is to be $25,000, which can be increased to $100,000, and the corporation is to be allowed to hold in fee simple lands and minerals or lumber and timber rights and their appurtenances within the State, the lands not two hundred acres in fee simple, or four hundred in less estate; to work or mine such lands; to prepare for market and to transport ore and mineral products or other valuable substances; to make mine roads; and to build a railroad from their place of operations in Perry township, Armstrong county, to Thomas Fletcher's coal mines, five miles distant.

Vacating that part of Bank Lane in Duquesne Borough which lies between the road at the southwest end of the Girty Run Iron Works, where the road crosses the bed of the canal, and the eastern or northeastern line of the borough immediately opposite the Girty Run Plankroad.

One providing that after the first of May the terms of the County Courts, in Butler, shall commence on the first Mondays of March, June, September and November; and in Lawrence, on the second Mondays of February, May, September and December.

Incorporating the National Trust Company, of Pittsburgh, with Messrs. John H. Ralston, David McClelland, Wm. Shaffer, F. C. Negley, Wm. Crawford, jr., Henry Gerwig, Jos. Lang and others, as incorporators, and with a capital of $150,000. The business of the corporation is to be the receiving on deposit of such sums of money as may be offered by mariners, tradesmen, clerks, mechanics, laborers, servants, minors and others, and to invest the same in United States securities, and also may buy or discount promissory notes or bona fide bills of exchange.

Creating John B. Doublar, Joseph Wason, Charles Wenger, Francis Felix, Linhart Beck, Fred. E. Kremer and Jos. Hoelinger, into a body corporate, under the title of the Germania Grocery and Produce Association, of Allegheny county, with a capital of $150,000; they can purchase goods, wares and merchandise pertaining to the grocery business; they can also sell the same articles, and lease or purchase a lot or lots, or a store-room or buildings.

Senator Hall, of Blair, was after the Democrats again this morning, and succeeded in defeating one of their champions, Mr. Hopkins, the Chairman of the late Copperhead Convention. Mr. Hopkins had taken offense at some truths expressed by Mr. Hall at a Union meeting held here a few nights ago, and under the excuse of a personal statement he brought outside matters into the Senate by relating his political grievances. As soon as he concluded Mr. Hall responded, and after asking the venerable Senator from Washington county sundry questions, put in a plumper in the following form: "Do you think Mr. Clymer did wrong in once slamming the door of the State Capitol into President Johnson's face?"

To which Mr. Hopkins replied, "Mr. Clymer must answer that for himself."

It is needless to say that Mr. Hall and every Union man present was struck with the answer.

The Senate will probably complete their consideration of the General Appropriation bill to-morrow. The Committee of Finance made a number of improvements and the Senate have already adopted a number of amendments, many of which, of course, will be not concurred in by the House, and the differences will be finally settled by a Committee of Conference.

The most important change made in the Senate was that which virtually abolished the Inspector General, Commissary General and Quartermaster General, and the one reducing the pay of members of the Legislature from $1,000 to $700. The salary of the Adjutant General is to be $3,000. The Adjutant General, Auditor General and Treasurer are to comprise the Board of Claims. Three hundred thousand dollars are to be given to soldiers' orphans. The pay of Judges of the District Courts and Courts of Common Pleas of Philadelphia and Allegheny counties is to be $4,500 instead of $5,000 as first recommended. Five thousand dollars is awarded the Gettysburg Battlefield Memorial Association; and the Joint Committee on Printing, appointed some time since, are authorized to act in conjunction with the Governor, and have three well executed representations made of the great battle of Gettysburg.

CITY ITEMS.

Clerk of the Court.

The name of Alexander Hilands has been spoken of as a candidate for this office, and his friends throughout the country will give him hearty support in the approaching convention of the Union party. It is simple justice to Mr Hilands to say, that his claims and qualifications for the office are such, that he can ask the support of the party without apology for coming before the public. His thorough knowledge of the business of the office, and known devotion to the principles that carried our country through the perils of the past are familiar to our people; and that he will, if successful, render entire satisfaction in the discharge of his duties, no one who is acquainted with him will deny. His friends ask for him a fair chance in the race, and feel confident that he will neither do, or allow to be done, anything unfair to others or dishonorable to himself. UNION.

Irresponsible Counterfeiters.

One of the most serious annoyances which the proprietors of an article in unusual demand have to encounter is the piratical imitation of it by parties equally unscrupulous and irresponsible. If an individual or a firm with *means* engages in this nefarious business, the damages awarded by a court of justice for the offense are collectable, and it is some satisfaction to the party wronged that the wrongdoer is made to suffer; but in most cases the *pirates are men of straw*, who cannot respond in dollars to the law's award.

Hostetter's Stomach Bitters being a *Standard Tonic*, marketable everywhere, and representing the value affixed to it as accurately as a National Bank bill represents the amount expressed on its face, has been extensively counterfeited and simulated. The proprietors have spent many thousand dollars in *hunting up* and *hunting down* irresponsible individuals and firms who have given their minds to this dirty work. These parties—some of them, at least—have a way of changing their base, though they never change their *baseness*. When an injunction is laid upon them in one part of the country they sometimes "vamoose" to another, and try the trick again. In some cases it is necessary to kill them two or three times over. Perhaps the best thing that can be done under these circumstances is to "*lay an injunction*" upon all who use the Bitters to buy only of dealers whom they can trust. In every city, town and village in the United States and British America this famous tonic, alterative and protective medicine may be procured of reliable men of business.

Hostetter's Bitters

Are sold wholesale and retail at very low rates at Fleming's Drug and Patent Medicine Depot, No 84 Market street, corner of the Diamond and Fourth street.

A large stock of ready-made pants, coats, vests, &c., will also be found in his establishment. His stock of furnishing goods cannot be surpassed. The "Strike" in New York—Chilian Privateer Case—The Senatorial Vacancy.

NEW YORK, April 7.—A meeting of the master mechanics of Brooklyn was held last evening for the purpose of forming a combination to resist the advance of the wages asked for by the mechanics of Brooklyn, who are on a strike now. The members of the Society pledged themselves not to pay the advanced wages now asked for by the workmen.

In the case of the alleged Chilian privateer Meteor, yesterday, the counsel for the Government produced the evidence of a contract between Senor Mackenna and George W. Ramsay, for the delivery of torpedo boats and crews, and for using them. As an inducement to Ramsay to use his utmost energy, Senor Mackenna assures him that the Government of Chili will pay a premium for the destruction of any and all Spanish vessels of war or transports which he may accomplish, and that such premiums shall be on a scale as liberal as those published by the Government of Chili, under date of October, 1864, for certain vessels therein mentioned. For the capture and delivery to the Chilian Government of the Numancia, $1,000,000; the Villa de Madrid, $600,000; Resolute, $400,000; Bianca, $400,000; the steam transport Marques de la Victoria, $200,000; the Berenguela, $400,000; the sloop-of-war Covandonga, $150,000. For the destruction of any of these vessels, one-half of the amount set down for capture was to be paid.

The *Herald's* Trenton correspondent says: It is understood that the Governor has not the power to fill the vacancy occasioned by the ousting of Mr. Stockton. The Legislators are now going home. Senator Scovil has received a testimonial letter from the Democratic members of the Senate.

From Washington—Internal Revenue Receipts—Semmes on Parole—North Carolina Post Offices—Bills Signed.

WASHINGTON, April 7.—The total Internal Revenue receipts for the past week were over seven millions. The returns received at the General Land Office show that in the month of February 1,491,023 acres were taken up at the Oregon City Land Office, in the State of Oregon, for homestead actual settlement, besides which a number of cash sales were made.

Five of the Alexandria Christmas rioters, tried by court martial, have been sentenced to periods of five years imprisonment in the Albany Penitentiary and are on their way there.

The *National Intelligencer* says: Capt. Raphael Semmes was released on his original parole, under the Johnson-Sherman convention, under an order issued by the President yesterday.

One-fourth of the persons just appointed to take charge of the twenty-four post offices re-opened in North Carolina and Virginia, are women. Two of the women previously appointed could not take the oath.

The President has approved and signed a bill more effectually to provide for the punishment of forgers of bonds, bills and notes of the Government.

The President has also approved a bill for the transfer of the custody of the library of the Smithsonian Institute to the library of Congress.

CONGRESSIONAL PROCEEDINGS.

WASHINGTON, April 7, 1866.

HOUSE.

The House sat as in Committee of the Whole on the State of the Union, the only business in order being general debate on the President's annual message.

Mr. Hogan, of Missouri, addressed the House at some length.

Mr. Wilson, of Indiana, said: I presume that the message from the Senate in reference to its action on the Civil Rights Bill will be received in this house early on Monday, and I desire to state now, in order that notice may be given to members who are here through the reports of to-day's proceedings, that immediately after the morning hour on Monday, if the message from the Senate shall have been then received, I shall ask to have the veto message of the President taken up, and after its reading, I shall move the previous question on the passage of the bill notwithstanding the objections of the President, in order to bring the House to an immediate vote on the bill.

Mr. Le Blond addressed the House, applying himself to the disapproval of the argument that the insurgent States were out of the Union.

Mr. Lawrence, of Ohio, made a speech in favor of the Civil Rights bill. He said the bill was not designed for any class or race of persons, but to protect the civil rights of all citizens. It was scarcely less to the people of this country than the Magna Charta was to the people of England. It did not affect any political rights, such as suffrage, the right to hold office or to sit on juries. These were left, as far as this bill was concerned, to the States. It did not in fact confer any civil rights, but it provided that as to five enumerated civil rights: to make and enforce contracts, to sue and to be sued, to give evidence, to buy, lease, hold and sell property, and to have the benefit of laws for the security of person and property. Every citizen should have them in every State and country. They belonged to every citizen; so that the bill was simply declaratory. They were regarded as inalienable rights, which governments could not take away. If they could be taken away from any one class of citizens, they could be taken away from any other class, and there would be no protection for the rights of naturalized citizens, or of the people of any race or creed that might incur the vengeance of a political party. It was because these rights were denied the Union men of the South, that the Freedmen's Bureau was to protect them by civil law rather than by military power. His colleague (Mr. Bingham) had been extraordinarily quoted against the bill, but his principal argument was against a clause which had been afterwards stricken out, and it was therefore unfair to quote it against the whole bill.

Mr. Clarke, of Kansas, next addressed the House on the question of reconstruction. He held that the rebellious States were out of the Union so far as any right on their part was concerned. They stood as criminals at the bar of national justice, but they were in the Union so far as responsibility to the government was concerned. He demanded for the freedmen civil rights, and full protection in the enjoyment of these rights.

Mr. Bingham was the next speaker. He declared himself unable to agree with the Committee on Reconstruction, and to the policy and expediency of passing the joint resolution for the admission of Tennessee. He did not think Tennessee was in a condition to exercise the functions of a State within the Union.

The Speaker presented a communication from the Secretary of War in reply to the resolution of the House of the 2d inst. in reference to officers employed in the Quartermaster's Department in Washington, and also giving information respecting the Corcoran Art Building. Laid on the table.

At half past four the House adjourned.

They hope to pay nearly, if not quite the full amount due.

FENIAN EXPEDITION SAILED.

Canada Confederation.

TEXAS IN THE HANDS OF SECESSIONISTS

Death of Brig. Gen. Thornton.

REPEAL OF THE TAX ON PRINTING MATERIALS.

&c., &c., &c.

NEW YORK, April 7.—The *World* says on Wednesday evening three hundred and twenty men left the city under the direction of the "powers that were" at Union Square, for the purpose of making an attack on the British North American possessions in the direction of New Brunswick. Guns, stores, and ammunition have been accumulated in this city for the last three weeks, for the purpose of attacking Canada and New Brunswick, and in the event of failure in both of the former localities, it was intended to make a diversion on Halifax and Nova Scotia.

The reported movement on Bermuda was simply intended for a blind, to bewilder the colonial authorities as to the objective point. It is understood that fifteen field pieces were put on board two merchant vessels, ostensibly bound to the port of New Orleans, but in reality consigned to some port in the Bay of Fundy, from whence an attack is to be made on St. Johns or Halifax. President Roberts and Gen. Sweeney are also straining every nerve to put an army in the field.

The New York *Tribune* of this morning claims that the Fenian expedition has sailed, though its destination is unknown.

A dispatch states that the Upper House of the Provincial Parliament of New Brunswick yesterday adopted resolutions urging a confederation according to the Quebec scheme, which, together with an address asking that the question of a union of the North American provinces be submitted to the action of the Imperial Parliament, was submitted to the Queen of England.

The *Tribune's* Washington special says that Provisional Governor Hamilton is reported to be en route for Washington, to see what is to be done with Texas. The secessionists have seized upon the entire political control of the State, and are carrying everything with a high hand.

Brigadier General W. A. Thornton, of the United States Army, died last night at the headquarters on Governor's Island.

A Washington special says: The Ways and Means Committee have decided to report in favor of the repeal of the revenue tax on printing materials, such as paper, ink and type, together with the materials which enter into their composition. The Association of Western Printers and Publishers have been urging upon the Committee the request that soda ash, wire gauze, bleaching powder, felting cloth, and materials used in the manufacture of paper, shall be put on the free list, that the present duty of twenty per cent. on unsized paper shall be reduced to not exceeding six per cent. They hold that a cheaper paper will increase the demand for that article. The Committee is disposed to favorably consider this last suggestion, as it is believed the revenue would not suffer loss by its adoption.

The ship yards at Greenpoint are still deserted, the men refusing to work ten hours and the bosses refusing to adopt the eight hour system.

Two distilleries in this city were seized yesterday by the United States authorities, on a charge of distilling whisky without the proper Government license. The matter will be investigated by the United States authorities.

Last night a fire broke out in Columbia College, on Fiftieth street, near Fourth avenue. The damage to the building and furniture is about $2,000. Insured.

The buildings No. 101, 103 and 105, East Third street, owned by Mr. Lewis Schlosing, were destroyed by fire to-day. They were used as a piano forte manufactory. Loss about $35,000; insured for $16,000.

NEW YORK, April 8.—A special from Toronto says the Fenian Brotherhood hoax failed to scare Canada. The strength of the frontier force is being reduced.

A Fredericton special says the government there is in possession of no information of the attack upon Campa Bella. There is certainly none up to this time. There has been no Fenian invasion of Ireland and little apprehension is felt of one. The O'Mahoney Fenians arrived from Boston this morning with about five hundred stand of arms; accoutrements and ammunition have also arrived from New York.

EMIGRATION FROM FUNCHAL.

Circular from the President.

PREFERENCE TO DISCHARGED SOLDIERS

WASHINGTON, April 8.—The Department of State has received a dispatch from the United States Consulate at Funchal, stating that a vast number of poor, but honest and hard working laborers of Madeira, who are skilled in the raising of cereals, the vine, sugar cane, &c., and in gardening, are desirous of going to the United States, but have not the means for accomplishing that object. He expresses the belief that if one-half of their passage money could be advanced to them by parties in this country, on a contract under the act to encourage immigration, to be repaid in labor, at least one thousand of them would be prepared to leave immediately.

The President has just issued the following circular to the heads of departments, in reference to appointments to office: It is eminently right and proper that the Government of the United States should give earnest and substantial evidence of its just appreciation of the services of the patriotic men who, when the life of the nation was imperilled, entered the army and navy to preserve the integrity of the Union, defend the Government and maintain and perpetuate unimpaired its free institutions. It is therefore directed, first, that in appointments to office in the several executive departments in the General Government, and the various branches of the public service connected with said departments, preferences shall be given to such meritorious and honorably discharged soldiers and sailors, particularly those who have been disabled by wounds received or disease contracted in the line of duty as may possess the proper qualification. Second, That in all promotions in said departments and the several branches of the public service connected therewith, such persons shall have preference when equally eligible and qualified over those who have not fully and honorably served in the land or naval forces of the United States.

Signed, ANDREW JOHNSON.

Trial for Fraud—Fire in Dechord, Alabama.

NASHVILLE, April 8.—The trial of Henry Bruner, involving frauds in the Quartermaster's Department, is fixed for Wednesday next.

The *Democrat's* Nashville special says: On Friday night two dry goods stores at Dechord, Alabama, were burned, also a drug store and a saloon. Loss $150,000. The losers were W. H. Brien, Brien & Austin, Dr. Brown and Joseph Luborn.

Gen. Ozagon and the Mexican Presidency.

SAN FRANCISCO, April 7.—The Liberal Mexican Consul contradicts the report that Gen. Ozagon has proclaimed himself President of Mexico, and confirms the account that he sanctioned the decree of November 8th, extending Juarez' term of office.

Shipments to the South.

NEW YORK, April 8.—Statistics at the Custom House show the following shipments to the South during the month of March: Sporting powder, 52,443 pounds; shot, 157,253 pounds; percussion caps, 1,500,000; cartridges, 264,048; guns and pistols, 4,075.

Richmond Dailies Resumed.

RICHMOND, April 8.—All the daily journals will resume publication to-morrow; some of them having adjusted the difficulties with their compositors, and the rest having secured a new set of printers to work at a reduced rate.

Mayoralty Election.

LOUISVILLE, April 8.—James S. Lithgow was elected Mayor yesterday by about one thousand majority.

The Soldiers' Convention has adjourned *sine die*.

Fire in Sunderland, Mass.

SOUTH DEERFIELD, MASS., April 8.—Horace Lyman's store and the postoffice, in Sunderland, opposite this place, were burned last night. Loss nearly $6,000; insurance, $4,500.

Death of Hon. M. Harvey.

CONCORD, N. H., April 7.—Hon. M. Harvey, Justice of the United States District Court for New Hampshire, died here to-day, aged 85 years.

POETRY OF THE WAR. By Richard Grant White. New York: The American News Company.

Mr. White has collected here all that he thinks worthy of preservation of the poetry produced by and during the war. His judgment in such matters is good; but the event is too recent to permit of impartial judgment in such matters. Very little of the poetry in this volume (and very much of it is excellent) will be deemed worthy of preservation a generation hence, because most of it depends for its interest upon associations with men and things that will die out with the present generation. Still, we are glad to see it in this form.

The American News Company present the work in a very handsome shape, the typography being most excellent.

For sale by John P. Hunt & Co. Masonic Hall, Fifth street.

Lead Ore.—The Huntingdon *Journal* has been shown a very rich specimen of lead ore, obtained from the mines now being worked in Sinking Valley, that county. It was found at a depth sixty feet, and there is said to be plenty more of the same sort. The *Journal* says arrangements have been made by the company working the mines for the immediate erection of smelting furnaces.

Oil News.—The Erie *Dispatch* says: A well purporting to be producing 500 barrels daily, has been struck on the Ross farm, four miles below Franklin.

There has been a very fine flowing well struck on the Allegheny river, five miles from Franklin, on the Foster farm, flowing by actual measurement 400 barrels per day.

CITY AND SUBURBAN.

A Young Girl Seduced and Restrained of Her Liberty—Writ of Habeas Corpus Issued.

About a month ago, two hired girls in the employ of Harry C. Shafer, of the Second ward, Allegheny, made information against him for adultery with Zerilda Dunbar, a girl who had been living in the family for about two years. It appears that this girl, when about fourteen years of age, was induced to leave the house of her father, James Dunbar, of Elizabeth, under pretense that she was to be kept in the family as company for Mrs. Shafer. This was about two years ago, and the girl was then quite childlike in manner and appearance, and had not yet discarded her short clothes. She was well treated in the family, but as time wore on Shafer began to flatter her vanity, and ply the arts of the libertine. He made her presents, was exceedingly familiar with her whenever opportunity would offer, and finally consummated her ruin. His conduct lately became so open and shameless that the prosecution above mentioned was entered against him. A true bill was found, but the case was not prosecuted at the present term.

When the scandal became public, Mr. Dunbar endeavored to induce his daughter to return home, but she appeared to be completely under the control or in the power of Shafer, and all efforts to induce her to leave him were unavailing. Some three weeks ago a writ of habeas corpus was issued at the instance of the father, and Messrs. Bayne and Shafer employed to prosecute the writ. Shafer got wind of this proceeding, and left the city, taking the girl with him, as is supposed. The writ was issued for the purpose of compelling Shafer to produce the relator's daughter in court, but as neither the respondent nor the girl could be found, the writ was returned *non est*. Last week Shafer returned, when a new writ was issued by the father and served on him, and the case came up for a hearing on Wednesday, but was continued until Saturday. Messrs. Bayne and Shafer appeared for the relator, and Messrs. Kirkpatrick and Mellon and Geyer for the respondent. Relator's counsel moved for a continuance, when Mr. Kirkpatrick moved to set aside the service on account of defective return, based on the fact that no year was given in the date, the clerk having failed to fill the blank, leaving it 18—, instead of 1866. After considerable argument Judge Sterrett continued the further hearing of the case until Tuesday afternoon next.

There are some circumstances connected with this case which render it peculiarly aggravated. The parents of the unfortunate girl have had their confidence basely betrayed, and are plunged in the deepest distress at the disgrace which has been brought upon them. Shafer has wrought a double ruin, in that his own wife, a lady of excellent character and refined feeling, has been compelled to institute a proceeding asking for divorce with alimony, her husband being possessed of considerable means. Mr. Dunbar is anxious to obtain the custody of his daughter, in hopes that he will be able to arrest her downward course, and it is probable that she will be before the Court on Tuesday.

Sentences.

In the Criminal Court on Saturday, sentences were passed as follows:

Wm. H. Topper, convicted before Judge Stowe, for burglary in entering the shirt store of Miss Fulton, on Ohio street, Allegheny, was sentenced to ten years in the penitentiary. The accused was arrested by the police, with a number of stolen shirts in his possession. He is an old offender, and had served a term in the penitentiary before committing this larceny. He had also burglariously entered the Iron City Hotel, in the Ninth ward, and a store in Manchester, but was not tried for these offenses, as he was used as a witness by the Commonwealth against a colored man named John Turley, indicted for receiving the goods which he had stolen at these places. Turley, however, being at large on bail, managed to escape.

Peter Slater, colored, convicted before Judge Mellon for the larceny of some clothing, was sentenced to sixty days in the county jail.

Charles Hunt, convicted before Judge Mellon for the larceny of clothing from a hotel at the drove yards, in Allegheny, was sentenced to three months in the county jail.

Judge Mellon also overruled the motion for a new trial in the case of Frank and John Gordon, convicted of burglary in robbing the house of Rev. P. M. McGowan, of East Liberty, and sentenced the defendants to pay a fine of $500 each, and undergo an imprisonment in the Penitentiary for three years.

Charles Miller was brought in for the purpose of enabling him to plead guilty to a charge of selling liquor on Sunday. He stated that he was really not guilty of the offense alleged against him, but he wished to plead guilty for the purpose of "saving time," as he was very busy. He stated that he had sold a piece of ground, and on the Sunday stated two friends had visited him for the purpose of looking at the ground; that he furnished them with dinner, and also gave them something to drink—the liquor being placed on the table. This he did not consider a violation of the law. Judge Stowe remarked that as the defendant was very busy, he did not wish to detain him long from business, and he would accommodate him with a pretty smart fine and a short term in prison. He ordered Miller to pay a fine of one hundred dollars, and undergo ten days in the county jail! This was "saving time" with a vengeance.

Lafayette College.

This sterling institution, located at Easton, Pa., has recently been vastly improved by the organization of a new English and Scientific department, embracing a most thorough and comprehensive curriculum, and placing it in the front rank of American colleges. Distinguished Professors have been elected to the several departments, and the Faculty is now composed as follows: President Cattell, Mental and Moral Philosophy; Rev. Geo. Junkin, D. D., Political Philosophy; Prof. Traill Green, M. D., General and Applied Chemistry; Prof. Jas. H. Coffin, LL. D., Mathematics and Astronomy; Prof. Francis A. March, A. M., English Language and Philology, Rev. John Leaman, M. D., Anatomy and Physiology; Rev. J. R. Eckard, D. D., History and Rhetoric; Rev. Lyman Coleman, D. D., Physical Geography; Rev. Geo. Burrowes, D. D., Biblical Instruction; Rev. H. S. Osborn, LL. D., Mining and Metallurgy; Rev. T. C. Porter, D. D., Botany and Zoology; Prof. Charles H. Hitchcock, Geology and Mineralogy; Prof. Henry T. Lee, A. M., Physical Culture, and Adjunct Prof. of Rhetoric; Prof. R. B. Youngman, A. M., English Philology, (adjunct); Prof. S. T. Coffin, A. M., Mathematics, (adjunct); Mr. William G. Meigs, A. Tutor in Engineering; Mr. James W. Moore, A. B., Tutor in Mathematics.

The Easton *Express* says: "It is proper to say that besides Mr. Pardee's munificent gift of $100,000, the Trustees of the College have contributed to its fund during the last year over $50,000. The College has now a permanent endowment of more than $200,000, and by a generous donation from John I. Blair, Esq., the Trustees have recently added over twelve acres of valuable ground to the College premises. The Alumni Professorship has made steady progress, so that by next commencement it is expected that their full sum will be added."

Payment of Bounties to Veteran Volunteers.

A bill has passed both branches of the Legislature, and only awaits the signature of the Governor to become a law, providing that all veteran volunteers from the State, who have been regularly re-enlisted and re-mustered under General Orders No. 191, from the War Department, dated June 25th, 1863, and extending to April 1st, 1864, and who have not received any local bounty, nor given their credit to localities outside of this State, shall be paid a local bounty of three hundred dollars, which shall be paid by the proper authorities of such counties, cities, wards, boroughs and townships, as received the credit therefor.

Transcripts from the records in the Adjutant General's office of this state, certified to by the Adjutant General, as well as General Orders from the War Department, will be received in evidence, and the place of residence named in the re-enlistment and muster-in rolls, will be considered the place of credit, in the absence of other evidence. The School Directors of the township, ward or borough in which such credits for veteran volunteers were received and counted in filling the quotas under the several calls of the President for troops, are authorized and required to levy and collect a sufficient tax to pay the veteran volunteers or their heirs or legal representatives. The bill provides that all officers and soldiers who have been and are now in the service, or their orphans or widowed mothers shall be exempt from the payment of taxes for this purpose.

The Sand Patch Tunnel.—On Saturday morning the miners working in the middle section of the great Sand Patch Tunnel, on the Pittsburgh and Connellsville Railroad met, thus piercing once more the great mountain barrier between the Ohio valley and the seaboard. The Tunnel is four thousand seven hundred and fifty feet long, or one thousand feet longer than the Allegheny Mountain Tunnel of the Pennsylvania Central Railroad. It was commenced some ten years ago, is to accommodate a double track of rails all through, being twenty-two feet wide, and nineteen feet high. The Tunnel will be fully completed in about six months, and the completion of the road from Connellsville to Cumberland will not be delayed in consequence of this great work.

Great Oil Strike.—The Franklin (Pa.) *Citizen* says that "on Wednesday last a new well was struck on the Foster Farm, five miles below Franklin, which is said to be flowing six hundred barrels per day.

"We have not been able to visit it, but are assured by parties who have seen it that it is the largest well ever struck on the Allegheny river, and many claim that it is equal to any on Oil Creek or Pithole. Col. L. D. Rogers, of this place, is principal owner, and Messrs. Squires, I. Lloyd, B. Plumer and others have small interests. Although oil is very low, and business dull, this strike has created considerable excitement among oil operators."

A Double Charge.—Isaac Brown on Saturday instituted suits before Alderman Strain for false pretences and larceny, against Leopold Einstein, whom he charges with defrauding him out of the sum of $700, by representing to him that certain gas fixtures and an iron awning under his keeping at No. 262 Penn street were his own property, when in fact they belonged to another person. The above amount of money was loaned by plaintiff to defendant on the strength of his pretended ownership in the property. The charge of larceny is founded upon the felonious taking away of the iron awning. A warrant was issued for Einstein's arrest.

Petroleum Explosive.—The Secretary of the Treasury has received a response from the remaining chemical expert in New York, to whom was submitted the inquiry whether or not petroleum is explosive. The expert decides in the affirmative. Petroleum, therefore, comes within the law requiring a special license for transportation, as in the case of gunpowder, camphene, &c. In a day or two Secretary McCulloch will issue a circular instructing Customs officers to require such special licence in accordance with the above-stated business.

A Tale of Sadness.

A lady, whose name is well known to most of our citizens, and whose deeds of charity and practical benevolence bring her in contact with the needy and the unfortunate, sends us the following:

Editors Gazette: Will you allow me through the columns of the *Gazette*, to tell a tale of sadness which cannot fail to be read with interest, and which, if read, will, I think. be relieved by some of our many benevolent citizens.

At the commencement of the war, a young man, a clerk on Fifth street, Pittsburgh, gave up his position, and went into the army to serve his country. After eighteen months' service he received an honorable discharge and returned to his young family, shattered in health, and unable to provide for their wants. The victim of disease, induced by hardship and exposure, he struggled manfully for a long time, but was at length compelled to yield to the enemy that had fastened itself upon his vitals, and for the last four months has been confined, a helpless sufferer, unable to do anything for the support of a wife in delicate health, and three helpless children, entirely dependent upon him for support.

On asking him why he did not apply for a pension from Government, he replied that he had served his country from a sense of duty, and wished to die with a consciousness of never having demanded pay for the service he had rendered. There, Mr. Editor, is *true patriotism*. A sentiment so lofty and noble, should entitle him to the warmest sympathies of all our citizens. Should this notice meet the eye of any who may be disposed to assist this unfortunate but noble dying soldier, the writer would solicit them to send their contributions to you—knowing by your former kindness, that you will gladly act as treasurer in behalf of suffering humanity.

[*Note*—Any contributions left at this office, in aid of the family alluded to, or directed to us by mail, will be publicly acknowledged and handed over to the humane lady who has so kindly interested herself in their behalf.—EDS. GAZ.]

Amusements.

OPERA HOUSE.—Miss Mary Provost will make her first appearance at this House this evening, in the character of "Nell Gwynne." This lady stands deservedly high as an actress, and has been unusually successful in California, Australia and England, as well as in the United States. She is not unknown here, as she appeared upon our boards some eight years ago, with marked success. For a year past her health has prevented her from playing, and her present engagement is partly experimental, to test her physical strength before resuming her profession. The lady will doubtless be greeted by a full house.

PITTSBURGH THEATRE.—Mr. John Brougham, who has closed a very successful week, has been re-engaged. A new three-act comedy, written by himself, will be produced to-night for the first time, entitled "Flies in the Web," in which he will personate Mr. Foxglove, Attorney-at-Law. Mr. Brougham's ability as an actor and genius as an author are so universally conceded that further comment would seem superfluous. We anticipate a crowded house to see his new production. The "Milkman" will be the frontispiece.

An Incorrigible Boy.—Benj. Harris on Saturday appeared before Alderman Strain and desired that a son of his named Robert, who had left the restraining influence of home, and was pursuing a life of viciousness, should be arrested and compelled to return to the paternal roof. Benjamin is a colored man, had been a slave in Virginia during the first two years of the war, but escaped through the lines, and since then was under Government employ at Washington. He had come all the way from that city in search of his son, who he had learned was in Pittsburgh. Paul J. Caperton, an uncle of the boy, also brought suit against the lad for incorrigibility. It appears that after leaving his father's roof, Robert had gone to live with his uncle, who claimed the keeping of him, ignoring the father's claim altogether; but he did not remain long with that relative. Neither father nor son had made their appearance at the appointed hour for a hearing.

First National Bank, Oil City.—The Oil City *Register* gives the quarterly statement of the First National Bank, Oil City, and adds: The report gives ample evidence of the admirable management of the institution. The stock is owned chiefly by our citizens, and we feel a great degree of pride in its success. The First National is the only one of the few banks in this locality with which Mr. Culver ever had any connection, that did not suffer by his failure. We find by looking over the statement, that he does not owe the bank anything, nor is he in any manner connected with it. The First National we consider as sound as any bank in the country.

Fatal Railroad Accident.—The mail train on the Pittsburgh, Fort Wayne and Chicago Railroad, due in Chicago at 8:20 on Tuesday evening last, was detained several hours, owing to the engine running off the track about twelve miles west of Fort Wayne, near the locality known as the "Sink hole." The engineer, A. H. Smith, was fearfully bruised, and died, after suffering terribly, at four o'clock on Friday morning. It is supposed that the accident was occasioned by the track spreading at this point, as is often the case during a spring thaw.

Killed on the Railroad.—John Neylands, a laborer employed in Best's glass-works, was run over by a train on the Pittsburgh and Steubenville Railroad, in the Second Ward, on Saturday morning about two o'clock. The train passed over both thighs, crushing the bones, severing the arteries, and rendering it impossible for surgical skill to prevent death. He lingered until nine o'clock, when he expired. Coroner Clawson held an inquest in the afternoon.

Resignation of Surgeon General Phillips.—Dr. Joseph A. Phillips has resigned the post of Surgeon General of Pennsylvania, and that post has been closed. Colonel Phillips has been connected with the Pennsylvania troops in the field and this office since the commencement of the war, and he retires with the full confidence and esteem of the officials here. He returns to Pittsburgh to resume the practice of his profession.

The Allegheny Market House.—In our notice of the repainting of this house we should have stated that the work was done with strictly pure white lead from the works of James Schoonmaker & Son, and that nearly twenty-five hundred pounds of lead were used. Those who examine the work will be struck with the whiteness and the beautiful finish of the lead—equal, if not superior, to anything of the kind in the city.

Two Murders in Schuylkill County.—We extract the following from a letter dated Pottsville, April 5th:—"Thomas Barret was shot dead by Joseph Heisler, in taking him from the court house to prison, while he was attempting to run away after sentence. An Irishman was shot dead by a young man named Cole, of Mahanoy, in attempting to kill his boss miner, whom he had shot in the mouth."

Assault and Battery.—Francis Atkin made complaint before Alderman Strain against Joseph Davis for committing an assault upon him. The indictment charges the defendant with seizing Atkin by the throat, thrusting a finger in his eye and slapping his face. The affair occurred at the Waverly House, Diamond alley. Upon a hearing on Saturday, Davis was committed to answer.

The Great Rebellion.—Preparations for the production of this Allegory and Tableaux, commencing at City Hall Thursday, the 12th inst., we are pleased to learn are progressing upon a grand scale. Sale of reserved seats commence at Kieber's Music Store this morning. All we have to say to our citizens by way of advice is, secure your seats early.

The Oil City *Register* says that a queer accident occurred at the Reed well, on Cherry Run, one day last week. A team of horses attached to an oil wagon, became frightened at the locomotive of the Reno railroad, and ran away. The wagon tongue came in contact with an oil tank, broke through it, and about six hundred barrels of oil were thus lost.

Malicious Mischief.—Thomas Flaherty appeared before Alderman Strain on Saturday and brought suit against one Fogarty for malicious mischief. The latter is charged with throwing dirty water over the bed of defendant's mother. The parties hail from Strawberry alley. A warrant was issued.

Conspiracy.—John McGraw on Saturday, entered suit before Alderman Strain against Daniel Coleman, Walter Thompson, Thomas Whitfield, John Blackstock and Dennis McCarthy, all stone-cutters, for conspiracy to raise their wages. The parties are held for a hearing on Thursday.

Petroleum as Fuel.—The House of Representatives has agreed to the amendment to the navy appropriation bill appropriating five thousand dollars to test petroleum as fuel, and repealing all acts providing for the further appointment of navy agents.

Charge of Abandonment.—Catharine Smith made information before Alderman Strain, on Saturday, against her husband Matthew, whom she charges with deserting herself and family. He was held for a hearing.

Hamill's Departure.—James Hamill, the champion oarsman, will leave for England on the 21st inst., by the Inman line of steamers. He will be accompanied by his brother John, and James Laughlin.

DIED.

AUTH—On Sunday, April 8th, ELIZA ANN AUTH, aged one year and ten months.

The funeral will take place THIS (Monday) AFTERNOON, at 2 o'clock, from the residence of the parents, Carson street, West Pittsburgh. The friends of the family are respectfully invited to attend.

THE PRESIDENT VETOED.

On Friday last the Senate performed an act that will be memorable and conspicuous to the end of time in the annals of even this most remarkable epoch of our national history. It passed the Civil Rights Bill over the veto of the President. Many considerations conspire to make the transaction illustrious.

The President, after a season of artful dissimulation, made up his mind openly to betray the high trust reposed in him by the Republican party. He repudiated the principles and policy the consistent and manly defense of which would have constituted his crown of glory with posterity; took upon himself the grave responsibility of attempting to turn back the tide of mighty events which has swept over the nation, carrying with it institutions incongruous to the best civilization of the age; and resolved to reseat the unrepentant rebel leaders in places of authority, where they would not only be judges upon their own traitorous conduct, but have the power to inflict humiliations and forfeitures on the men through whose sacrifices, wisdom and valor the Union was saved.

These are strong terms; but we speak upon full reflection. It is impossible to adopt the suggestion that the President, upon fuller investigation, and under altered circumstances, has discovered good reasons for changing his course. He makes no such pretensions. On the contrary, with a hardihood that would be deemed impossible if it was not demonstrated in the sight of all men, he insists he has not changed; that he is too old to subject his ideas or plans to review; and that they have changed and become disunionists and traitors whose sense of duty and self-respect prevent them from following him.

Nor is this all. Upon the Freedmen's Bureau Bill and the Civil Rights Bill—the measures on which, so far, his antagonism to Congress is more palpable and extreme than on any others—he has been guilty of a duplicity that would be utterly disgraceful to an individual in the management of private concerns, and which is all the more reprehensible in a personage filling the highest office in a great nation. Leading members of both Houses of Congress consulted freely with him as to the principles and details of those bills, with a view to securing his co-operation. Offers were distinctly made to modify the bills so as to meet any objections or scruples he might entertain. He felt himself satisfied with the bills as they were; gave assurances that he would approve them; allowed them to pass both Houses under the impression that he was content; and then came out with objections of so broad a character as to render any measures impossible for the ends contemplated. It is manifest he sought a quarrel with Congress, even at the expense of personal dishonor; and for ulterior purposes which are not yet fully disclosed to the apprehensions of many loyal citizens.

Congress has now asserted in a Constitutional and proper manner its authority as the law-making power of the nation. The blandishments and threatenings of the President have been alike impotent and ineffectual. Never did representative assemblies deport themselves in nobler manner. They have vindicated the theory and practice of liberty regulated by law. The loyal people of the country are in full sympathy with their proceedings; and whatever hazards may befall them, they may confidently rely on full and sufficient support. This is not their quarrel with the President but the quarrel of the people, indignant at the treachery of which they are the contemplated victims. The President has aroused a feeling of resistance to his aggressions which he cannot subdue, and has inspired a distrust of his sincerity and uprightness which he cannot eradicate. He has lost a rare opportunity, and incurred a reproach which many waters cannot wash out.

THE POWER OF APPOINTMENT.

The commissions of most of the men appointed to office by President LINCOLN have expired. They are holding over by sufferance, and may either be reappointed or superceded. The Senate is now in the fifth month of its session, and the bulk of nominations to office are purposely withheld. Hints are thrown out and intimations given that the incumbents must either adopt the ideas of the President and become facile instruments in his hands or else give way to individuals who will.

By the plain terms of the Constitution the appointing power is in the hands of the President, conditioned upon "the advice and consent of the Senate." The words clearly imply that the President shall take the advice of the Senate before making nominations, and that his nominations shall fall if the Senate shall refuse its assent. In other words, the power of appointing to office is equally divided between the President and Senate.

The delay of the President; his omission to seek "the advice and consent of the Senate," taken in conjunction with other indications, point to the conclusion that he means to act as if the public patronage was absolutely confided to his discretion. If he shall take this course he will find the Senate squarely across his path, and may find it much easier to displace the incumbents than to get in such successors as would suit his wishes.

CONNECTICUT.

General HAWLEY has polled the fullest vote ever polled in that State for Governor. The Republican vote for several years past for Governor has been as follows:

1858	36,298	1863	41,032
1859	40,239	1864	39,823
1860	43,012	1865	42,374
1862	39,782	1865	44,508

President LINCOLN polled only 44,691 votes, in 1864, in the heaviest vote ever polled in the State, and Gen. HAWLEY has within a fraction of that vote. The fact that he has polled the full Republican vote of the State shows that there was no defection from our ranks. His majority is less than that of Mr. LINCOLN because the Copperheads, in their anxiety to defeat him, colonized voters from New York by the hundreds in New Haven, Hartford, and other cities. The Copperhead gain is all in the large towns, and was accomplished through fraud only.

In 1860, the Democrats made a similar dead set to carry Connecticut. Governor BUCKINGHAM, in that year, had but 561 majority. But that effort exhausted them for six years, as this last one will probably also do.

THE RAILROAD QUESTION.

The Legislature is about to adjourn; and as it has done all the harm it can, and registered all the edicts of the master, the Pennsylvania Railroad, the only regret the public can feel in the matter is that it did not adjourn long ago.

In the early part of the session we thought there was some hope it might do better than its predecessors, and in that hope we urged the passage of a general railroad law, that the State might be emancipated from the thraldom of a gigantic railroad monopoly; but it soon became apparent that all such hopes were vain, and we gave up the contest. Some others, with a credulity perfectly childlike, have been hammering away at the Legislature ever since, expecting to make an impression upon it; but we fancy they have by this time learned that it was as useless as pouring water on a duck's back.

Every effort to obtain any legislation not liked by the Pennsylvania Road has been voted down, and every bill to promote the interests of that road and its connections, has been passed. That is the history of the whole session.

It is plain that if the people want a General Railroad Law, they must make it an issue in the nomination of candidates for the Legislature. They must not only resolve that they want such a law, but they must exact pledges from their candidates, as some security against possible betrayal. The best pledge they can have, however, is in the character of those they nominate for that place. Let them see to it that men of unquestionable ability and integrity are nominated—men whom they can trust from first to last, without the shadow of a suspicion. When such men are sent to the Legislature, bills will be considered and acted on, upon their merits, and not before.

NOT TO BE BUILT.—It may be regarded as settled that the projected new trunk railroad through Pennsylvania has received its quietus for at least a considerable period. The Atlantic and Great Western Company and the Pennsylvania Railroad Company have come to terms with each other. The Great Western Company have leased the Philadelphia and Erie Road, and stipulate to lay a third rail for a narrow track from a point eleven miles west of Corry to Cincinnati, and eventually on to the farthest point to be reached by that line. Until this third rail shall be laid goods will be trans-shipped at Corry. These stipulations have been forwarded to England for approval by the Capitalists there interested in the Great Western. This gives them a new route to Philadelphia by the Catawissa and the Reading roads, and by the Lehigh Valley and New Jersey Central to New York.

THE Raleigh *Standard* (Gov. HOLDEN's paper,) says that the President's Policy in North Carolina is a complete failure—that ultra-secessionists now fill every office in the State, from the highest to the lowest, and that the secession leaders are determined that the Union men shall never be permitted to govern the State. It adds:

"The cause of restoration has been suddenly arrested—the State has been set back to the point it occupied when the work was commenced, and no one can foresee when the work will be completed. The generosity of the President has been trifled with, and the good he desired to do this people has been neutralized by these leaders, who have been actuated solely by the love of money and office. How long will it be before they are rebuked, as they should be, and made to know their places?"

THE *Chicago Republican*, in giving the list of officers of the "National Johnson Club," says:

"The great fault of this list of officers is that it contains but three members of the Confederate Congress. This is altogether too small a proportion. However, such secessionists as Bion Bradbury, Willard Saulsbury, Augustus Cæsar Dodge, and James Hughes, make up pretty well for this deficiency."

THE Cincinnati *Enquirer* pronounces what Miss Dickinson says of President LINCOLN "an inflated eulogium upon the weakest, cunningest and poorest spirited statesman that ever won an unmerited apotheosis." The *Enquirer*, however, thinks JOHNSON the pink of perfection.

THE Providence *Journal*, referring to the Rhode Island election, says:

"Rhode Island thus heartily responds to the call of New Hampshire and Connecticut, proudly crowns her gallant Burnside with civic honors, and records her vote in favor of constitutional liberty and universal freedom."

GOV. CURTIN did not preside over the Harrisburg meeting, as stated by us on Saturday. He was appointed to preside, and a committee waited on him to secure his attendance, but he did not find it convenient to be present.

Culver, Penn & Co.

MEADVILLE, PA., April 5.—At a meeting of the principal creditors of Culver, Penn & Co., held to-day, resolutions were passed unanimously expressing entire confidence in the ability and integrity of the firm, and recommending that the assignment be cancelled and an extension granted of six, twelve, eighteen and twenty-four months.

A committee appointed to report on the best policy to be pursued, submitted the following report: That we have full confidence in the integrity and financial ability of Culver, Penn & Co., and are satisfied that they can realize from their assets more than any assignees possibly can. We therefore recommend that all the creditors of Culver, Penn & Co. enter into a legal agreement for their release from their assignment, and stipulate therein that the debts of the said firm shall be paid in equal instalments in six, twelve, eighteen and twenty-four months.

GEN. HAWLEY, the newly elected Governor of Connecticut, was Captain at the Bull Run defeat, and was the hero of the following paragraph in the London *Times* correspondence describing that rout:

"I have, in these years, many times recalled that incident, and wished to know who he was who could so 'possess his soul' in all that fearful rout; could have and inspire his men with so serene a courage. Many times these words have rung in my ears, 'Steady, men, steady;' words spoken in darkness, there amid the chaos of a lost battlefield; but words of light to me, still in the heat and conflict of the great life battle."

It was opposition to such a man, and support of a party who hailed all these disasters as their triumphs, that Mr. Johnson declared to the Government office holders of Connecticut to be the support of him and his policy.—*Cincinnati Gazette.*

AN association has been formed in Cuba to aid in the complete extinction of the slave trade. The members pledge themselves to abstain from all acts that might extend the traffic, and to use every effort in their power to stop it. They began their exertions on October 26th, 1865, and are said to be meeting with success. The association would meet with a great deal of success if it could induce the Captain General of the Island and a few of the royal favorites at Madrid to become *faithful* members. The slave trade of Cuba would soon die out if its official encouragement were once withdrawn.—*Phil. Ledger.*

"A PRESIDENT who has taken his stand simply on the Constitution of his country, is in the way of the traitors and disunionists, and they announce that he must be removed."—*Free Press.*

A President who had taken his stand simply on the Constitution of his country *was* in the way of the traitors and disunionists, and they announced that he must be removed, *and did remove him.*—*Detroit Trib.*

GENERAL NEWS.

A NASHVILLE letter writer tells of a poor boy who walked seventy-five miles from his home in Hancock county, Tennessee, to Knoxville with his old mother, to get something that might keep them from starving. When they arrived they had no means of procuring food, and the boy was so exhausted that he fell prostrate upon the pavement. He served as a Union soldier in a Tennessee regiment. Part of his business in Knoxville was to prefer claims for money still due to him for services as a soldier.

THE New York *Tribune* indignantly denies the statement of the Democratic papers that a large sum of money $100,000 for instance, of which the Loyal League Club gave $2,500, was raised in New York city to help carry Connecticut. There were not $5,000 in all raised in that city; not $2,000 in the Loyal League Club. The *Tribune* believes five times as much was raised on the other side as on ours, and more money spent on that side than by the Republicans.

THE Common Council of our city yesterday laid on the table, by a vote of 21 to 8, a resolution endorsing the Peace Proclamation of the President, and the State Legislature, on Wednesday, refused to consider a similar proposition. Only a meagre minority, composed mainly of sympathizers with the rebellion, is willing to applaud the declaration of a false prophet, who cries "peace, peace, when there is no peace!"—*Phil. Press.*

THE Hon. Charles James Faulkner, formerly a Lieutenant Colonel on Stonewall Jackson's staff, after the death of the latter, temporarily with Jubal Early, and subsequently an applicant for a staff position under General Ewell, has been admitted to practice law in the Circuit Court of Berkeley, West Virginia, first having taken the oath that "he has not, since the 20th of June, 1863, voluntarily borne arms against the United States."

THE President has undoubtedly forgotten the fact that Attorney General Bates, now one of his conspicuous supporters, and a fierce denouncer of the radicals, several years ago gave an elaborate opinion maintaining the view that colored freemen are citizens of the United States. He seems to think it a recent radical invention.—*Boston Transcript.*

THE New Albany *Ledger* says that a disease something like hog cholera, is proving very fatal to the hogs in that city. They are dying in large numbers, and the Street Commissioner informs us that this morning there were no less than one hundred lying dead in a radius of five or six squares.

THE title of *Pater Senatus* must now be divided equally between Mr. Wade and Mr. Sumner, both of whom entered the Senate at the same time, and now count sixteen identical years of continuous service.

THE New York *Commercial Advertiser* says that it can hardly take up a Southern paper without finding Congress denounced as a "pack of traitors," and as "rebels against the constituted authority."

OUR HARRISBURG LETTER.

Correspondence of the Pittsburgh Gazette.

HARRISBURG, April 5, 1866.

The Governor has again gone to Washington, in company with the State Treasurer, to aid in passing through the United States Senate the bill which is to retain to this Commonwealth the amount so long promised but so long retained from our public coffers. Both of these gentlemen are sanguine of success.

Surgeon-General Phillips left Harrisburg yesterday for his Western home, after a long and arduous term of official service. He retires from office with the regret of all with whom he has been connected here, but leaves a record to which he can always refer with feelings of pride and gratification.

Among the bills which have passed both the Senate and House are the following: One regulating the fees of the District Attorney of Lawrence county, as follows: For drawing indictment and prosecuting every offense indictable only in Oyer and Terminer, $15; a bill for an offense indictable only in Oyer and Terminer, and returned ignoramus, $7; drawing indictment and prosecuting every offense indictable only in the Quarter Sessions, $8; a bill for an offense indictable only in the Quarter Sessions, and returned ignoramus, $5; case settled with leave of court, $5; every case of surety of the peace, $5.

One extending to Lawrence county the supplement approved May 1, 1861, to the act relating to mechanics' lien, provided that repairs, alterations and additions by tenants shall not subject the property to a lien without the written consent of the owner.

Mr. Quay has read a bill allowing J. J. Anderson and J. J. Power to erect a ferry over the Ohio river between the Borough of Rochester and Phillipsburg.

Mr. Slack has read one some time since which proposes to give the Inspectors and Warden of the State Penitentiaries the privilege of allowing convicts to use tobacco to a limited extent, as a reward for good conduct, but it will not likely pass.

The same gentlemen has passed one allowing the School Directors of any Ward, Borough or Township in Allegheny to assess during the present year whatever amount of bounty tax may be necessary to pay off the outstanding bonds issued to fill up the quota of each during the late rebellion.

The bill read by Mr. Herron authorizing the city and borough authorities in Allegheny county to charge for each ton of hay or straw weighed by them a sum not exceeding twenty-five cents, and for each load of coal, iron, stone, ice, &c., not exceeding twenty-five cents, has been defeated.

VARIOUS ITEMS.

INEXHAUSTIBLE IVORY. New Siberia and the Isle of Lakem, are for the most part only an agglomeration of sand, ice, and elephants' teeth. At every tempest the sea casts ashore fresh heaps of mammoths' tusks, and the inhabitants are able to drive a profitable trade in the fossil ivory thrown up by the waves. During summer innumerable fishermen's barks direct their course to this isle of bones; and in winter immense caravans take the same route, all the convoys drawn by dogs, returning charged with the tusks of the mammoth weighing each from 150 to 200 pounds. The fossil ivory thus contained from the frozen north is imported into China and Europe, where it is employed for the same purposes as ordinary ivory—which is furnished, as we know, by the elephants and hippopotamus of Africa and Asia. The isle of bones has served as a quarry of this valuable material for export to China for 500 years; and it has been exported to Europe for upward of 100. But the supply from these strange mines remains undiminished. What a number of accumulated generations does this profusion of bones and tusks imply!

IT has been discovered that in the district of which Moscow is the center, there is an immense basin of coal including an area of 120,000 square miles—nearly as large as the bituminous coal area of the United States. There are also 18,000 square miles in the district of Don—larger than the anthracite region of Pensylvania, as large as the whole bituminous coal area of British America, and more than half as large as all the coal fields in Great Britain. There are a number of other places in Russia where coal has been discovered in great quantities.

GREAT RISE IN THE MISSISSIPPI RIVER.—The people of Vicksburg are much alarmed at the high water which now prevails in the Mississippi. The *Journal* of that city says the river is advancing steadily, and is already encroaching on Grove street, where it has covered half an acre. The planters are in the greatest alarm, as there is every indication of the river breaking the levee and overflowing the country.

STONEWALL JACKSON'S only joke was perpetrated while he was a Professor at Lexington, Va. He asked his class why it was impossible to send a telegraph dispatch from Lexington to Staunton. Some pupils suggested that the iron ore in the mountains drew the electricity from the wires, and others proposed other theories, but it was some time before any cadet was brilliant enough to remark that there was no telegraph line between the two places.

THE *Scientific American* says sow hardy annual about the 5th of April. Press a bowl, edge down ward into the earth, until you have made a circular drill to the required depth, and plant the seeds in this drill. You may then bury any special manure in the center, and then place the label, when grown, the stalks of the flowers will form a circle, and the effect and mutual support of both will be improved.

A PARIS blacksmith has invented a new system of shoeing horses. Instead of the shoe being placed—frequently much too hot—on the hoof, and burning its own resting place, the outside of the hoof is cut away round the foot to about the depth of half an inch; this leaves a ledge into which the shoe fits, and is then flush with the frog, which just touches the ground, and the foot rests on the ground, instead of being raised, as of old, by the shoe.

GRANT'S mental machine is of the powerful low pressure class which condenses its own steam and consumes its own smoke and which pushes steadily forward and drives all obstacles before it. Sherman's belongs to the high pressure class, which lets off both with a puff and a cloud, and dashes at its work with resistless vigor, the result of a sound boiler and plenty of fuel.

CAMBRIDGE AND HARVARD.—The London *Star* has this squib:

CAMBRIDGE AND HARVARD.

When Cambridge Dons, with Tory air,
Their scorn o' Thompson's boon declare,
The world will read their answer thus—
"Shall big *U. S.* teach little *us*?"

AN ARMY correspondent of the New York *Herald* has been ignominiously expelled from a barber's shop in Toronto, while enjoying a shave, for venturing to predict the triumph of the Fenians. The patriotic barber declared that he had no time to shave a fellow with such an extent of cheek as that.

SOME of the English life insurance companies are refusing to insure liquor sellers, on account of the extraordinary risk. The rate of mortality among them is as high as 80 in 1000, while the rate for trades considered unhealthy, such as tailor and shoemaker, is only 15 in 1000.

PRESIDENT Johnson has been elected a member of the Manhattan Club, a Democratic organization of New York city. He has accepted the election, and has also agreed to sit for a full length portrait, which is to be painted for the club.

SALE OF GARBAGE, ETC.—Boston sells its house offal under a contract for $5,500, per annum; the ashes collected by the city at $3,000, and the street dirt and sweepings for $2,600.

THE CRIMINAL records of England show that only one actor was ever hanged there. This was in the seventeenth century, for highway robbery.

SPECIAL NOTICES.

AYER'S PILLS—Are you Sick, feeble and complaining? Are you out of order with your system deranged and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and deranges its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering and derangement. While in this condition, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint is also true in many of the deep seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangement of the natural functions of the body, they are rapidly and many of them surely cured by the same means. None who know the virtues of these Pills will neglect to employ them when suffering from the disorders they cure, such as Headache, Foul Stomach, Dysentery, Bilious Complaints, Indigestion, Derangement of the Liver, Costiveness, Constipation, Heartburn, Rheumatism, Dropsy, Worms and Suppression, when taken in large doses.

They are Sugar Coated, so that the most sensitive can take them easily, and they are surely the best purgative medicine yet discovered.

AYER'S AGUE CURE,

For the speedy cure of *Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache or Bilious Headache, and Bilious Fevers, indeed for the whole class of diseases originating in biliary derangement, caused by the Malaria of miasmatic countries.*

This remedy has rarely failed to cure the severest cases of Chills and Fever, and it has this great advantage over other Ague medicines, that it subdues the complaint without injury to the patient. It contains no quinine or other deleterious substance, nor does it produce quinism or any injurious effect whatever. Shaking brothers of the army and the west, try it and you will endorse these assertions.

RETROUVEY'S TURKISH BANDOLENIAN HAIR TONIC.

THE DRESSING AND RESTORER OF THE AGE. TURKISH BANDOLENIAN.

RETROUVEY'S TURKISH BANDOLENIAN. What can be more acceptable than anything that will beautify? that will restore nature's decay by stopping the hair from falling out, restoring its natural color, making it to grow in luxuriance and beauty, assist in putting it up according to the present style and fashion and keep it in place? This *Retrouvey's Turkish Bandolenian Hair Tonic* will do, and for proof we refer you to any person who has tried it. It is acknowledged to be the beautifier of the age, the only Hair Tonic and Restorer worthy of the name. In Turkey, in France, in England, in America—everywhere where the "Bandolenian" is known—it is pronounced the *ne plus ultra* of Hair Preparations. Remember, it is free from all metallic poisons that are contained in most Hair Colors and dressings. It is the extract of many flowers and herbs, beautifully put up, an ornament to the toilet.

FINANCE AND TRADE.

SATURDAY, April 7, 1866.

—From the Chicago *Tribune* of Friday, we find the following additional details in regard to the late failure in that city.

The case of B. H Badger, the details of which we published yesterday, continues to engage the attention of financial circles; but to-day the discussion seems to hinge more on the connection which A. C. Badger & Co. had with the transactions, than with the performances of B. H. Badger. The question comes up—has A. C. Badger & Co. any right to keep in their vaults $25,612.80 which B. H. Badger procured from the Second and the Merchants National Banks, under false representations? Had Mr. B. H. Badger, instead of doing what he did, garroted an express or bank messenger and stolen from him $25,000 in money, and afterwards deposited said money in the bank of A. C. Badger & Co., could the latter have retained the stolen money, even though B. H. Badger owed the bank of A. C. Badger & Co. that amount? But it may be said that the cases we cite are not parallel. So far as B. H. Badger is concerned, they are not; but how is it with A. C. Badger & Co.? They have received from B. H. Badger $25,612,80 which clearly belongs to the Second and the Merchant's National Banks, and it makes no difference, in moral law, whether B. H. Badger garroted or deceived those bankers in order to obtain from them the money—so long as it was obtained wrongfully. We said yesterday that it was not necessary to believe that A. C. Badger & Co. were accomplices with B. H. Badger in playing the "nice little game," but if they refuse to give up the money to its lawful owners, after they have fully ascertained the facts in the case, then they become "accessories after the act." At any rate such are the sentiments freely expressed on the street, and we question whether A. C. Badger & Co. can live down the public feeling on this subject, unless they refund the money to those who clearly own it.

Since writing the above, we are informed that B. H. Badger has been arrested on a criminal charge, at the instance of the cashier of the Merchants National Bank. A. C. Badger and John C. Hilton became his bondsmen, to the extent of $12,000. It is also rumored that suits will be brought in the civil courts against A. C. Badger & Co.

—The Cincinnati *Gazette* says:

"There is a mystery about Mr. McCulloch's management of the public debt. During the month, he retired $1,555,000 of the 5 per cent 10-40 bonds, and $2,000,000 of the compound interest notes, and increased the 5-20 bonds, which bear a 6 per cent gold interest, $3,912,600 and the temporary loan $3,173,061. By this arrangement the interest has been increased considerably. The public have no knowledge of course, as to how the transfers were made, or at what rate. These private and mysterious operations are beginning to tell upon the market for the bonds."

—The Chicago *Republican* of Friday says:

The shippers of grain in this city have been served with a notice that they must pay to the Assessor of Internal Revenue one dollar on every one thousand dollars in value of grain shipped East during the year 1865. This notice created a good deal of excitement on 'Change yesterday among shippers, and resulted in a call of the shippers of grain at the Board of Trade rooms to take into consideration the subject matter. The Assessor of Internal Revenue construes the law to this effect, viz.: that the dealer is to pay one-tenth, and the broker one-eighth of one per cent. on all sales. The shipper here is the dealer under this construction, and the consignee at Buffalo or New York is the broker. Shippers here have already paid the one-eighth of one per cent. on their sales at Buffalo or New York, and the Assessor now calls upon them for the one-tenth, or one dollar for every one thousand dollars of their shipments.

—We are glad to learn, says the New York *Post*, that Mr. Clarke, the Comptroller of the Currency, denies the allegation made yesterday in the morning papers, that he had written a letter to the Finance Committee of the Senate, proposing to add one hundred millions to the authorized currency of the national banks.

Finance and Trade in New York.

MONEY AND STOCKS.

NEW YORK, April 7.—Gold closed steady, at 127¾@127⅞. The Money Market was easier, call loans at 5 to 6 per cent. The Stock Market was firm, at the second board, and rather better in some respects. At the last open board, Erie fell off one quarter per cent. and Cleveland & Pittsburgh rose half per cent., but otherwise quotations were without change. The Market was firmer after call. Erie sold at 79; Michigan Southern, 82; Reading, 102, and Cleveland & Pittsburgh, 80¼.

NEW YORK, April 7.—Stocks strong. Gold 127¾; U. S. 6s, '81, 104½; Tennessee 6s, 91; 7 3-10 Second Series 100¼; Quicksilver, 47¾; W. U. Tel. 55¼; P. M. S. Co., 2,15; N. Y. Central, 93½; Erie, 79; Preferred 80; Hudson, 107; Rock Island, 115⅝; Reading, 101⅝; Michigan Central, 103; Michigan Southern, 82; Pittsburgh 79½; North Western preferred, 55½; Fort Wayne 91.

The *Commercial* says the stock market continues strong on the railroad list. Speculation for the moment centres chiefly upon Erie, the purpose apparently being to corner the shorts on that stock, among whom the principal one is supposed to be the leading Director, who has recently suffered at the hands of the Michigan Southern clique. A similar movement is in operation in Reading, and Cleveland and Pittsburgh. The mending up of the Michigan Southern corner without any serious consequences to firms acts as a relief of the apprehension entertained a few days ago, and tends to encourage speculation in other stocks. The miscellaneous list is dull and weak, and stocks are lower. Governments are quiet. Gold exhibits a decided weakness. The price opened at 127⅞ and fell steadily to 127⅜ at 12:30 p. m. Large amounts were offered, both on time and on loan. There is a perceptible disposition to discount, the effect of the payment of the May coupons, which, in connection with the very low price of exchange, is steadily bearing down the premium. Money is in ample supply notwithstanding the withdrawal of deposits by country bankers, and the rate is easier at 5@6 per cent. The 'Change, however, is perhaps nothing beyond the usual Saturday's ease. Discounts are moderately active at 7@8 per cent. for prime paper, 9@10 per cent. for foreign exchange on merely nominal prime bankers. Sterling is quoted at 106½@106¾, but as usual on Saturday there are no transactions.

DRY GOODS.

The market is quiet. It is a question of doubt whether the late advance can be sustained. Foreign goods are dull and somewhat lower than last week. Every one in the trade is wishing for a steady market. The following are the quotations at the New York Dry Goods Exchange, jobbers prices: Brown Sheetings—Atlanta A 26; Nashua extra 22. Pepperell E 25; Pepperell R 23; Pepperell Q 21. Bleached Shirtings—Masonville 37; Anthony Manufacturing Company 28; States 29; Palmer River 24; Palermo 19. Prints—Merrimack W 22; Merrimack D 21, American 19; Allen 18; Gurner & Co. 20. Stripes—Amoskeag 37½; American 22; Everett 27½; Whittenden A 34; Whittenden C 27½. Denims—Amoskeag 52½; Boston Manufacturing Company 32½; Manchester 37½; Pearl River 50; Wide World 35. Hoop Skirts—Fair demand.

WEEKLY REPORT.

There has been no improvement in the wholesale market during the week. Most articles were firm, with the exception of cotton.

The market for fresh Flour has been quite active and prices advanced; common grades are dull and rates have gradually declined with gold. Pork has been active with variable prices, and the market closed dull and unchanged. There has been a moderate demand for Prime Mess, and prices are firm. Beef is in considerable request, but prices are without change. Cut Meats have been active and are offered more freely at full prices. Lard has declined and closed heavy. The demand for Coffee has been moderate; poorer grades are lower, and prime qualities are firm. There has been a fair inquiry for Cotton from shippers, but owing to the liberal arrivals and unfavorable news from Europe, prices have declined, closing at 38@39c for Middling. There has been a slight decline in Petroleum, and the market closed heavy. Whisky firm at $2,27. Total importations during the week $7,384,250, dry goods, $4,665,269.

PETROLEUM AND GOLD.

Petroleum and Gold Mining Stocks, dull: Boles, 2,00; Ivanhoe, 2,90; Pithole, 3,20; Cone Greg, 18,00; Downieville, 38; Gunnell, 120; Smith & Parmlee, 9,25.

Review of the New York Grocery Market

(From the Commercial List, April 7.)

Coffee—The market for all descriptions remains very quiet, and prices, except for prime and choice qualities, may still be said to favor buyers. The sales are 689 bags Rio, per Haydn, at 15 cents in bond and 20½ gold duty paid, mostly at the former price; 50 do per steamer North America, 15 gold in bond; 300 balance per Wayfarer, 191 per Bremerin, on private terms; 3000 in Philadelphia, balance per Anna Wellington, 15½; and 2000 in Baltimore, per Amazon, 15@15½, both gold, in bond. We notice besides 500 bags prime Rio, in lots from second hands, 20½@21 cents gold; and 1302 St. Domingo, for export, part, if not all, 12½ gold, in bond.

Molasses—There has been a pretty active demand for home use since our last, the market remaining firm at previous rates, especially for the good and better qualities, which are most in request. The transactions, including some re-sales, are 687 hhds and 4 tcs. Cuba Muscovado, mostly in lots, (but including a cargo of 289 hhds and 30 tcs Sagua,) at 38@55 cents; 20 hhds old crop do, 37; 540 Barbadoes, 40@42; 752 Porto Rico, 62@75, mostly good to prime at 70@75; and 352 hhds and 15 tcs St. Croix, on private terms, with some re-sales at 67 cents, 4 mos. The stock yesterday was about 500 hhds. Porto Rico, 4220 Cuba, and 360 bbls. New Orleans. By auction New Orleans sold at 53@71 cents, cash.

Sugar—There is a steady moderate business in raw, the demand being about equally divided between the trade and refiners, who purchase for their immediate wants only. Prices however, have continued very uniform for some time past, and our quotations are not varied, the market closing firmly yesterday at our previous notations. Refined is in moderate request at about previous rates, say hard 16 cents, soft white 14½@15, and yellow 13½@14½ cash. The sales of raw are 1985 hhds Cuba at 9½@12½c; 638 Porto Rico, 10½@13½; 63 St. Croix, 11½@13½; 3165 bxs Havana, 10@13½; and 5000 bags handsome Brown Pernambuco, afloat per Imperador, 11, usual credit. By auction, 200 bxs Havana, damaged, sold at 10½, cash. The stock yesterday was about 22,418

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE,
SATURDAY, April 7, 1866.

The produce markets have been devoid of life or animation during the week which has just closed, and with a demand restricted almost entirely to supplying the wants of the local trade, round lot operations are of very rare occurrence. The unsettled condition of financial matters at present, and the uncertainty in regard to the future, have a tendency to retard business, and the speculative mania which was so common a year or two since has almost completely subsided.

GROCERIES—Sugars are steady with sales at 12 to 13 for Cuba; 13@14 for Porto Rico; 15½@16 for Soft refined; and 16½@17 for hard ditto. Coffee is held pretty firmly at 26 to 28½, for common to strictly prime Rio. Sales of Molasses at 70 to 75 for Porto Rico, and $1,10 for New Orleans. Rice is quoted at 10½ for Rangoon, and 12½ for Carolina.

GRAIN—Sales of 300 bush prime Winter Red Wheat at $1,95. Barley is in demand and sells readily on arrival at 75 for Spring and 90 for Fall. Oats firm with small sales from store at 36@38. Sale of car shelled Corn, in elevator, at 62½. Rye is quoted at 80@85.

FLOUR—Is steady, with a fair local demand, at $8½@8¾ for Spring Wheat; $9¼@9½ for half Spring and half Winter, and $10¼@10½ for all Winter. Rye Flour quoted at $5¼@5½ per bbl.

PROVISIONS—Bacon is quiet but unchanged. Sales at 13@13½ for Shoulders; 15½@16 for Ribbed Sides, and 21@21½ for Sugar Cured Hams. Lard is quoted at 18@18½ in tierces; and Mess Pork at $28.

BUTTER—Is less active but unchanged; we can report some few small sales of strictly prime Roll at 50, and common to good at 40@45.

POTATOES—Demand active and prices are well sustained. Sales at $1,30@1,35 per bushel, and $3,75@4 per bbl.

EGGS—In better demand and a fraction higher—sales reported at 22@23.

SEEDS—Clover Seed is dull and unchanged. Small sales of Timothy at $3¼@3¾. Flaxseed is in demand at $2½.

DRIED FRUIT—Dull but unchanged. Small sales from store at 13@15 for Apples, and 15@20 for Peaches.

CHEESE—Is quiet and unchanged, at 23@24 for Hamburg, and 24@25 for Goshen.

PIG LEAD—Sales reported at 10.

LIME—Sales at $2,25 per bbl.

SORGHUM—Sales of prime at 65@70.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE
SATURDAY, April 7, 1866.

CRUDE—The Crude market continues dull and unsettled, and with buyers and sellers apart in their views and feeling, we have but comparatively few transactions to record. Buyers, generally, are holding off under the impression that prices will still further decline, while holders, although anxious to realize, do not seem disposed to make any further concessions. Sale of 1300 bbls (40 to 47 gravity) at 13; 165 do do (heavy gravity) at 14½; and 120 at 14. On the spot, good gravities are held at 14 cents, with 13 offered, while light oil is offered at from 12½ to 13. The sales during the week have been quite large in the aggregate, but as compared with the early part of the week, prices show a decline of fully one cent per gallon, and even at the decline, the demand is restricted, as buyers seem to think that the bottom has not yet been touched.

—Since writing the above, we have a sale of 1200 bbls reported at 14 cts.

REFINED—The transactions in bonded oil were rather larger to-day than usual, but unfortunately there is no improvement in prices. In fact, as compared with the early part of the week, prices show a decline of fully one cent per gallon, but as already stated, the sales were larger to-day than during either Thursday or Friday. We can report 350 bbls. for immediate delivery in Philadelphia, at 40½; 500 for June, sellers option, at 43; and 1000 for July on private terms. In the early part of the week, sales could have been made at 42 for April; 43 for May; 44 for June; 45 for July. Free Oil is dull and nominal at 53@54 for prime city brands.

ARRIVALS—The arrivals of oil by river continue large, reaching between 30,000 and 40,000 bbls during Friday and Saturday. The arrivals as reported to-day were as follows:

Lockhart & Frew	12,000	Fawcett & Bro	1,000
Fisher & Bro	725	Jas Wilkins	101
D Bushnell	3,200	Vandergrift & co	1,500
W P Logan	75

Chicago Market.

CHICAGO, April 7.—Flour is head with considerable firmness, but the demand is almost entirely nominal and there is no quotable alteration to notice in prices. Wheat is fairly active and about 1c per bush higher, with sales at No. 1 spring at from $1,27@1,28½—closing quiet at the inside figure. No. 2 Spring is selling at a range of from 80@90, according to the location. Oats are more active and ½@1c higher, with sales of No. 1 at 26½@27c for fresh and 24½c for winter receipts of No. 1. No. 2 oats are selling at from 23½@24c for fresh receipts. Rye is very firmly held, and selling at 50c for No. 1, and 49@50c for fresh No. 2 in store. Barley is in fair request for local consumption but the market rules quiet. Timothy Seed is in active request, and firmer, with sales of good to extra choice at from $3,75@4. Clover seed is moderately active at from $5,40@6. Provisions are dull and without essential change. Lard is nominal at 18c for choice city steam rendered.

Baltimore Cattle Market.

BALTIMORE, April 5.—Beef Cattle—The offerings during the past week were 713 head, against 825 head previous week. Owing to a somewhat limited supply prices advanced this week ⅜c per lb., and the average ranged high, owing to the fact that very few common Cattle were offered. We make the average of the market $8,25. Prices to-day ranged as follows: Inferior, $6,50@7,50; common $7,50@8,00, and good $8,50@9,25 per 100 lbs gross. Of the sales 430 head were bought yesterday and to-day by Washington butchers, 60 by the Government agent, 12 left over unsold, and the balance were taken by Baltimore butchers.

Sheep—The supply this week was about equal to the demand, and sales were made at 6½@7½ cents for clipped, and 7½@8¾ cents per lb gross for wool sheep.

Hogs—The supply has been moderate this week, but fully equal to the demand. Sales were made at $13,50@14,00 per 100 lbs net.

RIVER NEWS.

ARRIVALS.

Bayard	Moore	Parkersburg.
Armenia	McCallum	Parkersburg.
Emma Gr'h'm	Stull	Zanesville.

DEPARTURES.

Citizen	Hare	St. Louis.
Julia No. 2	Conlson	Zanesville.
Grey Eagle	Gordon	Parkersburg.

RIVER, WEATHER, ETC.

The river was rising steadily at this point last evening, with ten and a half feet in the channel by the Allegheny marks. The weather continues cloudy and unsettled, and the snow has almost entirely disappeared.

The only transient arrival we have to record is the Armenia, from New Orleans. The Emma Graham, from Zanesville, had not arrived up to five p. m., but she would doubtless get in during the night. The Bayard came in from Parkersburg with a fair trip.

The Citizen cleared for St. Louis on Saturday afternoon, with one of the best trips of the season. Besides being loaded down to the guards, she had two barges in tow, and among other items of freight, she had over two thousand barrels of crude petroleum, which was shipped to a St. Louis refinery by Mr. W. P. Logan, of this city.

The Julia cleared for Zanesville, as did also, the Grey Eagle, for Parkersburg.

Private telegrams on Saturday, announce another disastrous steamboat fire at St. Louis, and among others, the Nevada is reported as completely destroyed. The Nevada was in command of Capt. W. S. Evans, and was owned we believe by Capts. Evans, Kountz and Ackley.

The Belle and Ida Rees No. 2 left for Oil City on Saturday, and the Undia and Peerless arrived from the same point since the date of our last report.

The Robt. Moore, Capt. Dan. Marratta, is filling rapidly for Cincinnati and Louisville, and will be ready to leave this evening or to-morrow.

The Argonaut No. 2, Capt. H. H. Richmond, is next on the list for St. Louis, and she will doubtless be ready to leave to-morrow or next day.

The Columbia, Capt. E. J. Porter, is filling up rapidly for the Upper Mississippi, and she will be ready to leave on Tuesday. Passengers and shippers should bear this fact in mind.

The Financier, Capt. Darragh, is filling up steadily for New Orleans, as is also the Kate Robinson, Capt. Robt. Robinson, for Missouri River.

We take the following from the St. Louis *Democrat* of Saturday:

Armadillo, from Pittsburgh, is in, with a great load. She brought also 200 passengers for Missouri, and they are farmers and their families. These people are from Ohio, Pennsylvania, Virginia and Indiana. The Armadillo does not reship here, but will resume today her trip to Council Bluffs and Omaha.

A case of five years' standing cured by DR. KEYSER'S PECTORAL SYRUP

PITTSBURGH, January 11, 1860.

DR. KEYSER—My wife has been afflicted with a bad cough and difficulty of breathing for five or six years, which, for several years back, had gradually increased in violence. The complaint has been hereditary, and she had been treated by several physicians without any relief. In this state of her case I procured some of your PECTORAL COUGH SYRUP. I bought, the first time, a fifty cent bottle, which relieved her very much; I then called and got a dollar bottle, which cured her entirely, and she has now no trace of the former disease, except weakness. I would also state that I used the medicine myself for a cold and cough. The medicine cured me by taking one dose. I express my entire satisfaction with the medicine, and you are at liberty to publish this if you desire so.
WM. WILSON,
Alderman, Fifth Ward

PITTSBURGH, April 24, 1857.

READ THE TRUTH.—DR. KEYSER:—I have a daughter who has taken several medicines for a bad cough without benefit, among them Ayer's Cherry Pectoral. I purchased from you a bottle of your Pectoral Syrup, and before she had used half a bottle she was relieved. The second bottle cured her entirely of her cough. JOHN DARIN,
Robinson street, Allegheny.

PITTSBURGH, December 31, 1858.

A GREAT CURE BY DR. KEYSER'S PECTORAL SYRUP.—I live in Peebles township, Allegheny county. I had a cough and spitting, which commenced about the 4th of February last, and continued eight months. I employed the best physicians in the country, and my cough continued unabated until early in October. At that time I was advised to try your Pectoral Cough Syrup, which I did, and after I had taken one bottle I was entirely free from the coughing and spitting. I had despaired of ever getting well, and I think it should be known this valuable remedy will do for others what it has done in my case. JOHN C. LITTLE.
Witness: B. M. KERR. Peebles township.

PATTON TOWNSHIP, April 14, 1858.

A WONDERFUL CURE.—Some time ago an old neighbor of mine was very ill with a bad cough which every one supposed to be consumption. His relatives told me that he had taken every remedy they heard of without benefit: his brother came to see him die, and all were confirmed in the belief that he could not live. I had about the third of a bottle of your Pectoral syrup, which I gave him, and it entirely cured him, to the astonishment of all. What makes the case more remarkable, is the extreme age of the man, he being about eighty years old. I have no doubt the Pectoral saved his life.
JOHN McGINNIS.

DR. KEYSER'S PECTORAL SYRUP IN BLAIRSVILLE.—Please send me another supply of your valuable Pectoral Syrup. Almost everybody around us has the cold, and are enquiring for "Dr. Keyser's Pectoral Syrup." We have sold sixteen bottles this last week, and are now entirely out. Mr. A. Allison and Mr. P. Maher, both of Blairsville, Pa., told us they would not be without it in their families. In fact, all who use it once want it again.
Yours, respectfully,
J. S. WATTERSON & SONS.
January 30, 1860.

PITTSBURGH, November 18, 1858.

DR. KEYSER:—Although not an advocate of Patent Medicines, in general, it affords me pleasure to subscribe to recommend your PECTORAL SYRUP. As a medicine, it is well worthy the attention of any person who may in any manner be afflicted with coughs, colds and hoarseness of any kind, and for the peculiar qualifications for removing all that disagreeable sensation attending a severe cold.

I have been, more or less in my life, affected with the severest of colds and hoarseness. At times my throat would become so closed as to prevent my speaking above a whisper, and by taking a few doses of the above Syrup it would relieve me entirely.

In recommending this medicine, I must unhesitatingly say that it is the best remedy I ever found purporting to cure the above, nor should any family be without this remedy for diseases so prevalent.
Yours, most respectfully,
EDWARD J. JONES,
Cashier Citizens' Deposit Bank

STEUBENVILLE, Ohio, March 14, 1860.

I have used Dr. Keyser's Cough Syrup for a bad cough of several years standing, and can cheerfully say it is the best medicine for the same that I have ever taken. J. W. PRICE

COL. PRATT AND DR. KEYSER'S PECTORAL SYRUP.—DR. KEYSER—[illegible] the delay of my acknowledging the excellence of your Pectoral Cough Syrup sooner. I take great pleasure in saying that it is all you say it is. It knocked the nonsense out of my cough, and the worst one I was ever afflicted with. I have not used more than one-half of the bottle, and I can and do wish that all who are afflicted would give it as fair a trial as I have done. And they will be proud to say, "It is no quack medicine." I would not suffer another such an attack for any consideration, or at any cost. I am confident I can breathe more freely than I ever did. I shall always acknowledge a debt of gratitude for inventing so excellent a remedy. You are at liberty to use my name in this regard as you think proper.
E. F. PRATT
Messenger Common Council, Pittsburgh,
N. B.—I am no stranger to my fellow-citizens, and all who entertain doubts can consult me personally. E. F.

ANOTHER NEW CERTIFICATE.—DR. KEYSER'S PECTORAL SYRUP.—I had been troubled with a cough and cold for several weeks—so bad that I could not sleep. I had the advice and prescriptions from three of the best physicians in the city, whom I could name, but no relief. I then procured a bottle of your Pectoral Syrup, which cured me entirely.
(Signed) J. W. SIMONTON

"STOP THAT COUGHING."—"How can I do it?" "Go to Keyser's, on Wood street, and get a bottle of his Cough Pectoral, and if that don't cure you, your case must be desperate indeed." This is a specimen of the colloquy one hears every day in cold-catching periods of the year. And we can, from actual experiment, cheerfully concur in the adviser's admonition as above, for we have tried the "Pectoral" in a most stubborn case, with entire success. About two weeks ago we went to Pittsburgh, with one of the most distressing, contrary, mulish, unsubdued coughs we ever experienced since our advent on this mundane sphere. We coughed steadily and laboriously for one whole week, in hopes of tiring it out, but it was no go. In fact, it seemed rather to have improved by practice, and to have acquired strength, potency and distressibility by the operation. In this stage of the siege, we coughed our way to Keyser's, No. 140 Wood street, procured a fifty cent bottle of the "Pectoral," took it according to directions, and in forty-eight hours we were masters of the field, the enemy having unconditionally surrendered, after a brief, but unequal conflict with so formidable an adversary as Keyser's famous Cough Pectoral.—*Brownsville Clipper, Dec. 14, 1859.*
